United States Department of State

Washington, D.C. 20520

SEP 18 2012

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of technical data, defense services and hardware to Israel, Poland, and Serbia to assist in the inspection, manufacture, process development, quality assurance, repair and testing capability to produce the castings, machined components, fabrications, forgings and assemblies required for use in military engines and aircraft.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

David S. Adams
Assistant Secretary
Legislative Affairs
