United States Department of State

Washington, D.C. 20520

JUN 26 2013

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement for the export of defense articles, including technical data, or defense services in the amount of $50,000,000 or more.

The transaction contained in the attached certification involves the upgrade of the Colombian Air Defense System consisting of radars, communications equipment, support equipment, and command and control software to include delivery, installation, training, maintenance, test, and repair.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Ur M. Jaddou
Acting Assistant Secretary
Legislative Affairs
