

United States Department of State

Washington, D.C. 20520

MAY 17 2002

Dear Mr. Speaker:

Consistent with Section 36(c) of the Arms Export Control Act and Title IX of Public Law 106-79, I am transmitting, herewith, certification of a proposed license for the export of defense articles to India.

The President made a determination in a manner consistent with Title IX of the Department of Defense Appropriations Act, Fiscal Year 2000 (Public Law 106-79) to waive sanctions on India in connection with the Glenn Amendment and related provisions, as reported to you by separate letter. Under Title IX, the issuance of a license for the export of defense articles or defense services to India pursuant to the waiver authority of that Title is subject to the same requirements as are applicable to the export of items described in Section 36(c) of the Arms Export Control Act, and the Administration is treating authorization for the requested re-export consistent with these provisions.

The transaction described in the attached certification involves the transfer of: (1) temporary export for demonstration purposes of an aircraft Ground Proximity Warning System, Personnel Locator System for downed airmen, and a hand-held survivor radio; (2) unclassified technical data related to a Mobile Combat Training Center; (3) a ten-year technical assistance agreement providing for employment in the U.S. of Indian national(s) in the design, manufacture and use of flight simulation devices for military and civilian applications.

The United States Government is prepared to authorize the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
