Dear Mr. Speaker:

Pursuant to Section 36 (d) of the Arms Export Control Act, I am transmitting herewith certification of a proposed Manufacturing License Agreement with Japan.

The transaction described in the attached certification involves the transfer of technical data and assistance in the manufacture and overhaul of Propellant Actuated Devices (PAD) utilized in the Crew Escape Systems for the F-15, FS-X, and F-2 Aircraft for end use by the Japanese Defense Agency.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Michael E. Guest  
Acting Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. 010-01

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
