

United States Department of State

Washington, D.C. 20520

MAY 23 2002

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement with Italy.

The transaction described in the attached certification involves export to Italy of technical data and assistance in the manufacture of the LN-93 Inertial Navigation System for the Future Anti-Air Missile System Program.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Paul V. Kelly".

Assistant Secretary
