

United States Department of State

Washington, D.C. 20520

MAY 23 1992

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed Manufacturing License Agreement with Japan.

The transaction described in the attached certification involves the export of technical data and assistance to Japan for the manufacture, repair, installation, maintenance and overhaul of the DF-301E Direction Finding Equipment for end-use by the Japanese Defense Agency.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script that reads "Paul V. Kelly".

Paul V. Kelly
Assistant Secretary
