Dear Mr. Speaker:

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement involving the manufacture abroad of significant military equipment, which also involves the export of defense articles or defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export to the Republic of Korea of technical data, defense services and defense articles for the manufacture of eighty-eight F110-GE-129 engines and component parts for installation in the F-15K fighter aircraft being developed for the Republic of Korea Air Force for end-use in the Republic of Korea.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly
Assistant Secretary
Legislative Affairs

Transmittal No. DTC 245-02

The Honorable

Speaker of the House of Representatives.
