United States Department of State

Washington, D.C. 20520

OCT 11 2002

Dear Mr. Speaker:

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement involving the manufacture abroad of significant military equipment, which also involves the export of defense articles and defense services in the amount of \$50,000,000 or more.

The transaction described in the attached certification involves the manufacture of Bowman HF radio subsystems for integration into the Bowman Communications System for end-use by the United Kingdom Ministry of Defence.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly  
Assistant Secretary  
Legislative Affairs

Transmittal No. DTC 280-02

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
