United States Department of State

Washington, D.C. 20520

JUL 13 2004

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the manufacture abroad of significant military equipment.

The transaction contained in the attached certification involves the export to Canada and Australia of manufacturing know-how, technical data and defense services necessary for the manufacture in Canada and Australia of forty-five (45) Light Armored Vehicle Turrets. Forty-four (44) turrets will be sold under the Foreign Military Sales (FMS) program to the Government of Saudi Arabia for end-use by the Saudi Arabian National Guard and one turret will remain in Australia.

The United States Government is prepared to license the export of this manufacturing know-how having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

James P. Terry
Acting Assistant Secretary
Legislative Affairs

Enclosure:

Transmittal No. DDTC 048-04

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
