

DDTC  
United States Department of State

Washington, D.C. 20520

Dear Mr. Speaker:

NOV 19 2001

Pursuant to Section 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles or defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of technical data, hardware and assistance for the manufacture of T55 gas turbine engines, parts and components for the Japan Defense Agency CH-47 helicopter Program.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Paul V. Kelly  
Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DDTC 088-04

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
