

United States Department of State

Washington, D.C. 20520

JUL 28 2006

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the export of defense articles and defense services sold commercially under a contract in the amount of \$50,000,000 or more.

The transaction described in the attached certification involves the transfer of technical data, defense services, hardware and manufacturing know-how to Mexico for the manufacture, inspection and testing of electrical wiring harnesses, power generators, bellows and sensors used on launch and space vehicles, and on turbine engines powering military aircraft and tanks.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script that reads "Jeffrey T. Bergner".

Jeffrey T. Bergner
Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 027-06

The Honorable

J. Dennis Hastert,

Speaker of the House of Representatives.
