

United States Department of State

Washington, D.C. 20520

SEP 19 2008

Dear Madam Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles that are firearms controlled under Category I of the United States Munitions List sold commercially under a contract in the amount of \$1,000,000.

The transaction contained in the attached certification involves four (4) separate license requests for the export of 2140 Remington Bolt Action and Semi-Automatic Rifles to Canada for direct commercial resale. The Department has combined these separate license applications into one notification because of the close proximity of receipt of the applications and to ensure full and proper oversight.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Matthew A. Reynolds
Acting Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 113-08

Speaker of the House of Representatives.
