United States Department of State

Washington, D.C. 20520

FEB 13 2009

Dear Madam Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement to include the export of technical data, defense services, and defense articles in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of technical data, defense services and defense articles to Belgium for the manufacture of F101, F110, and F118 aircraft engine parts.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "M. C. Polt".

Acting Assistant Secretary
