

DDTC

United States Department of State

Washington, D.C. 20520

March 19, 2010

Dear Madam Speaker

Pursuant to Sections 36 (c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services for the manufacture of F404, F414, and T64 aircraft engine components to supply General Electric Aviation's production lines in the United States.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script, appearing to read "Richard R. Verma".

Richard R. Verma
Assistant Secretary
Legislative Affairs
