

United States Department of State

Washington, D.C. 20520

May 7, 2010

Dear Madam Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services for the manufacture, assembly, and test of parts and components for Turbine Engines and Auxiliary Power Units related to various military aircraft, helicopters, and tanks. All manufactured parts and components will be shipped to either Germany or the United States for final integration.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Richard R. Verma
Assistant Secretary
Legislative Affairs

Enclosure:

Transmittal No. DDTC 10-021

The Honorable
Nancy Pelosi,
Speaker of the House of Representatives.
