

United States Department of State

Washington, D.C. 20520

DEC - 6 2010

Dear Mr. Chairman:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of major defense equipment abroad.

The transaction contained in the attached certification involves the transfer of defense articles, to include technical data, and defense services, to The Netherlands for the manufacture of Dayside CCD Cameras, Lower Arm Support Assemblies and CCA Test Stations for end use by the United States Government.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard R. Verma".
