

DTC  
United States Department of State

Washington, D.C. 20520

JUN 10 2011

Dear Mr. Chairman:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of major defense equipment abroad.

The transaction contained in the attached certification involves the transfer of defense articles, to include technical data, and defense services, to Japan to design, develop, fabricate, qualify, test, deliver and support the Lead Computing Gyro Systems for F-15 Gun Targeting.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Joseph E. Macmanus  
Acting Assistant Secretary  
Legislative Affairs
