United States Department of State

Washington, D.C. 20520

MAY -6 2011

Dear Mr. Chairman:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of technical data and defense services for the manufacture in Canada of M151 Remote Weapons Station components for end use by the Canadian Department of National Defence.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Joseph E. Macmanus
Acting Assistant Secretary
Legislative Affairs
