

United States Department of State

Washington, D.C. 20520

SEP - 7 2011

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to Mexico for the pre-cast and post-cast finishing operations of military aircraft, tank, and naval engine components to include engine hot-section blades for end use by United States military engine manufacturers.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Adams", written in a cursive style.

David S. Adams  
Assistant Secretary

Transmittal No. DDTC 11-071
