

United States Department of State

Washington, D.C. 20520

NOV 30 2011

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing licensing agreement for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of defense articles, to include technical data, and defense services for manufacture of Raytheon Designed Radios and the incorporation of Have Quick I/II Electronic Counter Counter-Measure (ECCM) Software Object Code to government end-user Turkey. The agreement also confirms 29 other countries as part of the sales territory.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Adams", with a long horizontal flourish extending to the right.

David S. Adams  
Assistant Secretary
