

United States Department of State

Washington, D.C. 20520

OCT 21 2011

Dear Mr. Speaker:

Pursuant to Sections 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a technical assistance license agreement for the export of defense articles, including technical data, and defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to the United Kingdom relating to the Fine Track System Kits and test and support equipment for integration into the Small Laser Transmitter Assembly for integration into the Directional Infrared Countermeasure (DIRCM) System for end-use by the United Kingdom MOD, United States Special Operations Command, and the United States Air Force.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Adams", with a long horizontal flourish extending to the right.

David S. Adams  
Assistant Secretary  
Legislative Affairs

Enclosure:

Transmittal No. DDTC 11-118

The Honorable

John A. Boehner,

Speaker of the House of Representatives.
