Washington, D.C. 20520

NOV 22 2011

Dear Mr. Speaker:

Pursuant to Section 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles, including technical data, and defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, technical data, and defense services for the manufacture and sales of Weapon Mount Component for a Stabilized Remotely Operated Weapons System (SRWS) Gimbal components.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

David S. Adams  
Assistant Secretary  
Legislative Affairs
