

United States Department of State

Washington, D.C. 20520

Dear Mr. Speaker:

DEC 15 2011

Pursuant to Sections 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles, including technical data, or defense services abroad in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to the Republic of Korea for the manufacture, assembly, inspection, and test of F404-GE-102 aircraft engines for incorporation into T-50 aircraft owned by the Republic of Korea. This agreement also expands the sales territory to include support to Poland and Indonesia.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D S Adams", written in a cursive style.

David S. Adams
Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 11-138
