

United States Department of State

Washington, D.C. 20520

Dear Mr. Speaker:

JUN 27 2012

Pursuant to Section 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles, to include technical data, and defense services in the amount of \$100 million or more.

The transaction contained in the attached certification involves the transfer of defense articles, to include technical data, and defense services, to Turkey to support the manufacture and assembly of Day Night Thermal Sensors, Infrared Laser Detecting-Ranging Tracking Sets (AN/AAS-44T) and associated components common to both systems.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Adams", written in a cursive style.

David S. Adams
Assistant Secretary
Legislative Affairs

Enclosure:

Transmittal No. DDTC 12-002

The Honorable

John A. Boehner,

Speaker of the House of Representatives.
