Washington, D.C. 20520

MAY 25 2012

Dear Mr. Speaker:

Pursuant to Section 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles or defense services abroad in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the manufacture of the AN/APG-63 (V)3 Low Voltage Power Supply and Analog Signal Converter, for the Royal Saudi Air Force F-15SA Aircraft.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D S Adams", written in a cursive style.
