

United States Department of State

Washington, D.C. 20520

MAY 31 2012

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the export of defense articles, including technical data, and defense services which exports defense services in the amount of \$100,000,000.

The transaction contained in the attached certification involves the transfer of defense articles, to include technical data, and defense services to the United Kingdom for manufacture and testing of electronic and minor assemblies, including subassemblies, components, and parts for sale to a U.S. company for integration into the Javelin Weapon System.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D S Adams", written in a cursive style.

David S. Adams
Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 12-056
