

United States Department of State

Washington, D.C. 20520

NOV 20 2012

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed technical assistance agreement for the export of defense articles, including technical data, or defense services abroad in the amount of \$50,000,000 or more.

The transaction contained in the attached certification allows for the transfer of technical data, defense services, and defense articles to the United Arab Emirates' Black Hawk Repair Depot which is capable of supporting the H-60(L/M)/S-70(i) Black Hawk helicopters with depot level repair capability at the Advanced Military Maintenance, Repair and Overhaul Center (AMMROC) LLC.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Adams", written over a horizontal line.

David S. Adams
Assistant Secretary
