

United States Department of State

Washington, D.C. 20520

OCT - 9 2012

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the export of defense articles, including technical data, or defense services in the amount of \$100,000,000 or more.

The transaction involves the transfer of technical data, hardware and defense services necessary for the design, manufacture, assembly, inspection, testing, support, maintenance, overhaul and repair of the Constant Speed Drive (CSD) and its parts and components used by the Japanese Ministry of Defense on the F-15J, US-1, F-4 and YS-11 aircraft.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Adams", written over a horizontal line.

David S. Adams
Assistant Secretary
Legislative Affairs

Enclosure:

Transmittal No. DDTC 12-112

The Honorable
John A. Boehner,
Speaker of the House of Representatives.
