

United States Department of State

Washington, D.C. 20520

OCT 17 2012

Dear Mr. Speaker:

Pursuant to Sections 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles, including technical data, and defense services abroad in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the transfer of defense articles, to include technical data, and defense services, to the United Kingdom for the manufacture and assembly related to Phalanx Close-In Weapon Systems and Land Based Phalanx Weapon Systems.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Adams", with a long, sweeping underline.

David S. Adams
Assistant Secretary
