

United States Department of State

Washington, D.C. 20520

OCT 26 2012

Dear Mr. Speaker:

Pursuant to Sections 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the manufacture and export of defense articles, including technical data, and defense services abroad in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the manufacture and export of defense articles, including technical data, and defense services to Mexico and Canada. The agreement includes the manufacture of hydraulic components, specialty bearings, fasteners, seal rings, and alignment joints for military aircraft for end use by the United States.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Adams", with a long horizontal flourish extending to the right.

David S. Adams
Assistant Secretary
Legislative Affairs
