

United States Department of State

Washington, D.C. 20520

DEC 21 2012

Dear Mr. President:

Pursuant to Sections 36(c) and (d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed manufacturing license agreement for the manufacture of significant military equipment abroad and the export of defense articles, including technical data, and defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to Saudi Arabia to support the manufacture, integration, installation, operation, training, testing, maintenance, and repair of MJU-10/B Infrared Countermeasure Decoy Flare for use on the F-15 Fighter Aircraft.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Adams", written in a cursive style.

David S. Adams
Assistant Secretary

Transmittal No. DDTC 12-143
