

United States Department of State

Washington, D.C. 20520

NOV 26 2012

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed export of defense articles, including technical data, and defense services in the amount of \$50,000,000 or more.

The transaction described in the attached certification involves the export of defense articles, including technical data, and defense services for support to aircraft navigation equipment including Control Stick Assemblies, Rate Sensor Assemblies, and Accelerometer Sensor Assemblies for the T-50, T-50i, and FA-50 aircraft for end-use by Chile, Indonesia, the Philippines, the Republic of Korea, Thailand, and Turkey.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Adams", with a long horizontal flourish extending to the right.

David S. Adams  
Assistant Secretary  
Legislative Affairs
