Washington, D.C. 20520

DEC 21 2012

Dear Mr. President:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed export of defense articles, including technical data, and defense services in the amount of \$50,000,000 or more.

The transaction described in the attached certification involves the export of defense articles, including technical data and defense services related to the installation, test, qualification, certification, operation, and flight test of the F124 gas turbine engine for use on M-346 aircraft by Austria, Greece, France, Italy, Israel, Portugal, Singapore, Spain and the United Arab Emirates.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "D. S. Adams", written in a cursive style.
