

United States Department of State

Washington, D.C. 20520

APR 11 2013

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles, including technical data, and defense services in the amount of \$50,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to the Republic of Korea, Taiwan, and the Czech Republic to support the integration, installation, operation, training, testing, maintenance, and repair of navigation products for use in K9, K55, and Wheeled 105 Self Propelled Howitzers for end-use by the governments of the Republic of Korea, Malaysia, Egypt, Thailand, and Australia.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script, appearing to read "Thomas B. Gibbons".

Thomas B. Gibbons
Acting Assistant Secretary
