

United States Department of State

Washington, D.C. 20520

APR - 3 2013

Dear Mr. Speaker:

Pursuant to Sections 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed export of defense articles, including technical data, and defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification authorizes GE Aviation to conduct the overhaul and repair activities in support of the Republic of Korea's Air Force (ROKAF) sustainability program for F110-129 engines operated in the ROKAF's fleet of F-15s.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script, appearing to read "Thomas B. Gibbons".

Thomas B. Gibbons
Acting Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 13-037

The Honorable

John A. Boehner,

Speaker of the House of Representatives.
