

United States Department of State

Washington, D.C. 20520

MAR 21 2013

Dear Mr. Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense services, including technical data, for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of technical data and defense services to Spain to develop and manufacture NOSIH AA-2 solventless double-base sheetstock propellant.

The United States government is prepared to license the export of these defense services and technical data having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Thomas B. Gibbons".

Thomas B. Gibbons  
Acting Assistant Secretary  
Legislative Affairs
