Washington, D.C. 20520

JUN 26 2013

Dear Mr. Speaker:

Pursuant to Sections 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed export for the manufacture of significant military equipment abroad and for the export of defense articles, including technical data, and defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services for the manufacture, assembly, inspection, and testing of F404-GE-102 engines for the T-50 aircraft series for end-use by the Ministry of National Defense, Republic of Korea.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Ur M. Jaddou", with a long horizontal flourish extending to the right.
