

United States Department of State

Washington, D.C. 20520

MAY 17 2013

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed license for the export of defense articles, including technical data, and defense services in the amount of \$1,000,000 or more.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services for the export of 2,300 semi-automatic pistols in caliber .223, semi-automatic rifles in calibers .308 and .223, and components for resale in Canada for personal and recreational use.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Gibbons".
