

United States Department of State

Washington, D.C. 20520

JUN 04 2013

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the export of defense articles, including technical data, and defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification involves the export of technical data and defense services to the Republic of Korea to support the manufacture of 60mm and 81mm Mortar Increment Containers, 120mm Tank Combustible Cartridge Cases, and 155mm Artillery Combustible Cartridge Cases.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script, appearing to read "T. Gibbons".

Thomas B. Gibbons  
Acting Assistant Secretary
