

United States Department of State

Washington, D.C. 20520

JUN 25 2013

Dear Mr. Speaker:

Pursuant to Sections 36(c) and 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to a manufacturing license agreement for the export of defense articles, including technical data, and defense services for the manufacture of significant military equipment abroad.

The transaction contained in the attached certification involves the export of defense articles, including technical data, and defense services to Japan to support the production and manufacture of Multiple Launch Rocket System launchers, trainers, and practice rockets.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in black ink, appearing to read "Ur M. Jaddou", with a long horizontal flourish extending to the right.

Ur M. Jaddou
Acting Assistant Secretary
Legislative Affairs
