

United States Department of State

Washington, D.C. 20520

JUL 15 2013

Dear Mr. Speaker:

Pursuant to Section 36(c) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed export of defense articles, including technical data, and defense services in the amount of \$100,000,000 or more.

The transaction contained in the attached certification amends an existing manufacturing license agreement that authorizes the export of defense articles, including technical data, and defense services related to the manufacture of aircraft spare parts, tooling, and support equipment for P-3 aircraft for end-use by the Japan Self-Defense Force and the United States.

The United States government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

A handwritten signature in cursive script, reading "Thomas B. Gibbons".

Thomas B. Gibbons
Acting Assistant Secretary
Legislative Affairs

Transmittal No. DDTC 13-106

John A. Boehner,

Speaker of the House of Representatives.
